

# Dr. Jonathan S. Harrison

Associate Professor of Medicine, Division of Hematology, Dept. of Medicine,  
Rutgers-Robert Wood Johnson Medical School, New Brunswick, New Jersey

## **“Clinical trials of immunotherapy for Acute Myeloid Leukemia”**

February 26<sup>th</sup> (Wednesday) 2014;

12:00 – 13:00;

Institute of Immunology and Experimental Therapy

lecture room

Talk will include:

- a brief overview of AML
- a summary of clinical trial data regarding immunotherapy of AML, eg, trials that have used IL-2, Ipilimumab (Yervoy<sup>®</sup>), etc. alone or in combination with conventional chemotherapy.
